

# 2019 Paediatric Update Symposium

## Attendee Information

---

Thank you for registering for the 2019 Paediatric Update Symposium!

### **Location**

The majority of the event (including registration, keynotes, and practice profiles) will take place in the Chan Auditorium at the Child and Family Research Institute on the campus of BC Children's Hospital. Here's a link to a map:

<https://goo.gl/maps/TB7ZPAkN5Fv>

We will also be using break out rooms at other locations within the Child and Family Research Institute and at BC Children's. Your conference package will include maps to these room locations, and members of our planning committee will lead the way when it is time to walk to your break out sessions. The conference program included in your registration package will be updated with the room location of each break out session.

BC Children's campus is a 15-minute walk from the King Edward (25<sup>th</sup> Street) Canada Line station. Parking is always an issue at BC Children's, so if you are driving please allow time to find a spot!

### **BC Children's Grand Rounds**

The conference starts with our first plenary on Friday May 10<sup>th</sup> at 8:30am. This is also the Grand Rounds session for BC Children's Hospital. As such there will be a mixed audience of conference attendees and BC Children's employees. We anticipate a large attendance for this plenary session so please arrive early to ensure a seat! Following the Grand Rounds session, we will have a 10-minute period to allow folks not attending the conference to disperse from the room. Please remain seated during this time so we can promptly start the rest of the conference as quickly and efficiently as possible once non-conference attendees have left.

### **Registration**

There will be a registration table outside the Chan on Friday May 10<sup>th</sup>, opening at 7:45am. Please register here and pick up your conference package. As part of the registration process each attendee was instructed to choose their concurrent sessions. The sessions you've signed up for will be identified on your conference ID badge.

### **Presenter Presentations**

We have requested presenters make available electronic versions of their presentations for attendees to download, as there will not be photocopies available at the event. All received presentations will be uploaded to the conference webpage (<https://www.bcacdi.org/paediatric-update-symposium>) early next week. We will also post a finalized schedule at that time.

### **Poster Presentations**

Poster presentations will occur on Saturday May 11<sup>th</sup>. Please take time during the breaks on Saturday to view the posters. Authors are expected to be at their posters for the first 15 minutes of the afternoon break

### **Food**

Lunch, mid-morning snack/coffee, and mid-afternoon snack/coffee are included with registration. There will be vegetarian options available. Any food/dietary concerns you identified on your registration form have been provided to the caterer.

### **Reception**

Please join us Friday from 4:30 – 6:00 for a reception, sponsored by CanAssist and BCACDI. There will be light appetizers and refreshments served.

Looking forward to the event!
